PLANT WILD BROTHERS TREES

Nothing will improve your property and surroundings and add to their value and your pleasure at so small a cost as trees, shrubs and hardy plants.

Shade Trees, Evergreens and Shrubs

are essential to a neat and attractive lawn. Shade trees should form the foundation, with irregular groups or masses of shrubs against buildings, fences or property lines, or as borders along walks or drives. The Evergreens add variety and beauty both winter and summer. By all means include some of them.

FRUIT TREES should form a part of the planting if the space is available. Plant early during favorable weather and your trees will form new rootlets during open weather and be better established when spring growth begins. Almost every home has plenty of room to grow their own GRAPE, RASPBERRY, STRAWBERRY, and other small fruits. Currants, Gooseberries, Asparagus, etc. Do not delay until the busy season causes it to be put off another year. Order now. You can have them shipped any time you desire.

WE EMPLOY NO AGENTS. Send for our descriptive catalog and buy direct from the nursery.
